DELAWARE
STATE AUDITOR**

***Examination of
Brackenville Center
Long-Term Healthcare Facility***

What Was Performed? An examination of Brackenville Center Long-Term Healthcare Facility as of June 30, 2016.

Why This Report? The State of Delaware is required to ensure that the fiscal records at nursing care facilities are retained and properly support the cost report, or the financial report showing the cost and charges related to Medicaid activities, submitted to the Medicaid agency. These costs must be in compliance with federal and state regulations.

Under the Delaware Medicaid State Plan, the State is required to examine a sample of facilities around the state to ensure facility cost reports and wage surveys are in compliance with federal requirements and state requirements.

What was found? I am pleased to report that there were no findings and that Brackenville Center Long-Term Healthcare Facility complied with federal and state regulations.
